

TOBY AND KALLI

These two sweet Boston Terriers are looking for a loving home together. They have lived together since they were 8 weeks old and have a special bond. Toby and Kalli both have sweet temperments, they are housebroken, crate trained, invisible fence trained and respond well to voice commands. They love to meet new people, and they are always ready to give smiles, wiggles and kisses when needed.

Toby ♥

Toby is an 8-year-old neutered male AKC registered Boston Terrier weighing 34 pounds. He is very loving and playful. He loves to play with Kalli, and his two favorite toys, in his preferred order, are a rope with a knot and a squishy ball. He loves to cuddle and be petted.

Toby likes to go for walks, and he loves people; especially those who play tug or ball with him. He is a good singer, and knows lots of tricks.

Toby had his right eye removed, but his doesn't slow him down one bit!

Kalli ♥

Kalli is an 8-year-old spayed female AKC registered Boston Terrier weighing 17 pounds. She loves to give kisses and is quite playful. She loves to play with Toby, and her favorite toy is a big rope toy that she can tug and swing on. She loves attention and will do anything for food.

Kalli likes to go for walks, and she will tell you, via snorting, everything she finds along the way.

Training
